

Yo, Listen up, lemme tell you bout a kid
Carlo Acutis, yeah the bro on the grid
A modern day saint , with a faith so bright,
With a laptop in his hand , kept spreading the light
He saw the miracles , and putem online
Turning simple moments into something divine
Digital evangelist, spreading the truth,
With passion and purpose, inspiring the youth

Pre chorus

Joyfull and kindness flowing
All his deeds, like seeds keep growing
All the glitters, glitters for itself
Light up, light up the Bulb

Chorus

Go go go boy go go go high
Hop hop hop inside the ride
The ride is On on on the highway to heaven

Post chorus

Carlo Acutis – pray for us

Verse 2

He Loved the Eucharist , it was his Quest
Showing the world, thats how to stay blessed
A soul full of kindness, always reaching out
In a world full of noise, he silenced the clout
Young and so brave, he faced his fate
Fighting for faith, with love as his trait
In every moment, his spirit ignites
Carlo inspires, bringing hope to the nights

Bridge

Took on the challenge, young and so bold
With his heart on fire, his legacy told
Trusted in the journey through struggles and pain
Found solace in Jesus, his guiding refrain.
With a smile so bright, a powerful proof.
Teaching us all to cherish the truth
Sneaker saint on a digital quest
Guiding young hearts, how to love and invest
